EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

1. **Claims 1-23** are allowed over prior art.
2. The following is an examiner's statement of reasons for allowance: prior art found and searched failed to teach as a whole and in combination a receiving and demodulating in an orthogonal frequency division multiplexing system for frequency correcting offsets in the plurality of sub-carriers as recited in the limitations of the claims. The applicant argues Junnell et al fails to disclose a memory block for storing only arbitrary portions of the start symbol. As per the applicant's arguments, the examiner has included an updated search and re-reviewed the references and determined the applicant's arguments are persuasive.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
